Definition - total gross reinsurance and retrocession premiums written for life, health and P&C (non-life) business plus similar gross considerations and deposits / flows that are assumed as reinsurance or retrocession (including transactions related to annuities and retirement-related products and services, and potentially including affiliate as well as non-affiliate business)

Exchange rates - local currency figures have been converted to USD using the average rate for 2022 for all four years hence growth rates are likely to be larger for groups based in countries with higher inflation

Source: Insuramore research and estimates based on insurer group disclosures and insurance trade statistics (i.e. financial supervisory authorities, insurance trade associations etc.)

Note 1: data includes acquisitions completed by end December 2022 but not ones agreed by that date but scheduled for completion in 2023

Note A: premiums for Partner Re are consolidated in those of Covéa in 2022 following the latter having acquired it - Partner Re had premiums written assumed as reinsurance of USD 7.29 billion in 2019, USD 6.88 billion in 2020 and USD 8.20 billion in 2021
